

École ɪtł'ò

has a lot to offer...

École ɪtł'ò offers a welcoming, inclusive, and fully French Immersion learning environment where students build fluency naturally throughout the school day. From the classroom to the playground, students are immersed in French while receiving full support to thrive academically and socially.

Program Highlights:

- Single-track French Immersion from Junior Kindergarten to Grade 5
- English Language Arts is taught in Grades 3 to 5 by an English specialist
- Programs that foster self-regulation, responsible decision-making, and a safe school environment
- Early literacy and school-wide reading and writing initiatives
- French culture camps
- Indigenous culture programming and camps
- Student leadership opportunities
- Music, Physical Education, and extra-curricular programs
- Actively supported by a Parent Advisory Committee (PAC) & Canadian Parents for French (CPF)
- YWCA after-school program

Canadian Parents for French (CPF)

École ɪtł'ò is supported by Canadian Parents for French (CPF), a national volunteer-based organization of parents who value and promote French language learning opportunities.

École ɪtł'ò

Junior Kindergarten-Grade 5
French Immersion

École Itt'ò

Lifelong Learning

French Immersion

École Itt'ò is a thriving school with a single-track French Immersion learning environment that is designed to help students develop a functional level of bilingualism by the end of Grade 12. Research shows that learning in a 100% French Immersion environment enhances student second language proficiency.

Students and staff alike engage in an environment which inspires a love of learning and the lifelong pursuit of knowledge. Our educators implement evidence-based teaching practices to ensure their instruction meets the needs of all learners.

École Itt'ò welcomes all children wanting to learn French.

Real World Experience

At École Itt'ò, student activities, events, and learning experiences are linked to our northern and global society. A variety of partnerships provide opportunities for students to become involved in their community beyond the classroom and see the 'bigger' picture. As learning comes to life, students experience success and take on an active role in their education.

School intramural programs, French and Indigenous culture camps, and whole-school celebrations are only a few of the opportunities available to students.

École Itt'ò promotes personal responsibility, communication, and social-emotional learning so that all students may thrive both academically and socially. This includes making proactive choices and helping students develop meaningful relationships.

Students and staff have meaningful learning experiences, and engage in an environment which inspires a love of learning and the life-long pursuit of knowledge. Ongoing professional development (PD) for educators is a vital link between current research and classroom practice.

Quality Education

Our French Immersion language program includes a strong focus on literacy, math, and culture-based education. Every classroom is equipped with modern technology that can be integrated across the curriculum. Students are able to explore their strengths and interests through various media, providing them with exciting opportunities to develop a wide skill-set which has lifelong benefits.

Classes in fine arts, physical education and outdoor programming are all taught in French.

Students learn in a fully inclusive setting that welcomes everyone and supports success for all.
