

# N.J. Macpherson School

## Life-long Learning

### Literacy, Academics and Life!

N.J. Macpherson (NJM) has a strong academic focus with an emphasis on literacy, numeracy and healthy lifestyles. Students participate and apply their knowledge to a variety of activities, projects and experiences. NJM is proud to offer an enhanced fine arts program which includes music, art, dance and drama.

Meaningful learning experiences for students engage the whole child as well as motivate and inspire a love of learning and the life-long pursuit of knowledge.

## Real World Experience

### Classroom Environment

NJM's classroom environments offer unique learning opportunities and individualized instruction designed to foster independence and build self-confidence. Inquiry and competency based learning are integral parts of our philosophy at NJM.

- Warm and nurturing JK-5 English learning environment focused on meeting the needs of all learners.
- Innovative teaching and the celebration of positive student behaviour, are combined with a comfortable and welcoming atmosphere.
- The following opportunities allow us to share success, celebrate achievement and support students in their learning: assemblies, learning fairs, family lunches, open houses, concerts, and more.

## Quality Education

NJM supports, celebrates and recognizes student success by identifying and acknowledging positive behaviour. Setting goals and working toward them as a school community sets the stage for success. Students can count on a strong network of support and positive direction as they focus on achieving our school goals of being respectful, responsible and building relationships.

Ongoing professional development (PD) for educators is a vital link between current research and classroom practice.

PD enhances program delivery and learning experiences for students.
