Life-long Learning

Students and teachers

Meaningful learning experiences for students that engage the whole child and motivate a love of learning and the life-long pursuit of knowledge.

On-going professional development (PD) for educators is a vital link between current research and classroom practice. Effective PD enhances program delivery and learning experiences for students.

Exploratories

Throughout the year students of ÉWMS will get to experience different Exploratory choices which include Culinary Arts, Industrial Arts, Outdoor Education, Technology, Fine Arts and Community Awareness.

Wildcats' Academy

This focused program of hockey, fustal, athletics and physical literacy is available for Grades 6, 7 and 8 and is designed to give interested students the opportunity to further develop their skills in these areas.

Real World Experience

Literacy, academics and life!

ÉWMS students participate in a wide variety of learning experiences, activities, and projects outside of the regular classroom: student leadership and community service activities, visits with local senior citizens, Me to We, local and national conferences, track and sporting events, recycling, science and heritage fairs, and much more.

In addition to these exciting programs ÉWMS also offers a year-round music/ band program in our fully-equipped music room.

Innovative teaching practices and real-life connections extend student learning far beyond the classroom!

Canadian Parents for French (CPF)

École William McDonald Middle School is supported by Canadian Parents for French (CPF), a national volunteer-based organization of parents who value and promote French language learning opportunities.

Quality Education

Options abound for Grades 6-8

ÉWMS' excellent athletics, exploratory and music programs create a variety of career paths for students to explore.

Students can match their interests, talents and passions to any number of ÉWMS' extra-curricular teams, groups and activities.

English and French language programs provide students with the opportunity to become bilingual:

- French Immersion (6-8)
- English language with Core French (6-8)
- Intensive French (6)
- Post-Intensive French (7-8)

ÉWMS' learning environment recognizes and understands the specific needs of students during the adolescent years. As the NWT's only middle school, this unique setting prepares students for a smooth transition from elementary to high school.
